Letter no. 3624 dated the 10/11 September 1903 from the Comptroller regarding the submission of Annual Accounts to Govt.

---

Flag A

In O. M. no. 1005 / 17 53-03 dt the 31st August 1903 the Comptroller was requested to submit the D. F. Municipal & L. F. General Annual Accounts relating to the official year 1902-03 in due time, viz, on or before the 30th September 1903 with a view to verify the figures furnished by Presidents in their Administration Reports with actuals as audited in the Comptroller's office.

2. In reply, the Comptroller states in the above letter that

the final Accounts of 1902-03 will only be closed in December next, & that only preliminary accounts can be sent on or before the 30th Septr 1903.

3. The preliminary accounts have since been received. May these figures be adopted in the several statements which have to be embodied in the Review of the D.F. & Munn. & Municipal Administration Reports for 1902-03 or may the final accounts be awaited, & submitted for orders.

D.J. 8/10/03 I think final figures must be adopted in the reviews on the administration of Local & Municipal Funds and not preliminary figures, but this would delay preparation & submission of draft reviews for orders. If this delay is to be avoided, we have to review the reports on the preliminary accounts & then correct the figures in

after the drafts are approved on receipt of the final accounts, lest as the observations depend mainly on the figures, this procedure seems to be open to objection.

Orders are solicited.

ORDER THEREON NO 3632-3670

L.253-1903

DATED 24/3/04

There were, as in the previous year, 10 L.F.Boards including the Kolar Gold Fields Sanitary Board.

During the year under review, the villages of Kristnarajpur and Guttamarhalli with its large Majra village of Pitchapalli were included within the area under the control of the Kolar Gold Fields Sanitary Board under the authority conveyed in Govt Notifn no 11434/L.F.17-99 dated 6th Febry 1903.

2. The following statement exhibits the number of meetings held in each Circle as compared with that of the previous year.

| No. | L.F.Circle | Meetings in 1901-02. | Meetings in 1902-03 |
|---|---|---|---|
| 1. | Bangalore | 4 | 4 |
| 2. | Kolar | 3 | 3 |
| 3. | Kolar Gold Fields | 7 | 7 |
| 4. | Tumkur | 3 | 4 |
| 5. | Mysore | 3 | 4 |
| 6. | French Rocks | 3 | 3 |
| 7. | Hassan | 3 | 3 |
| 8. | Shimoga | 4 | 4 |
| 9. | Kadur | 3 | 4 |
| 10. | Chitaldrug | 4 | 4 |

Only 3 meetings or 1 less than the prescribed

Taluk. And in the Kolar and Tumkur L.F.Circles the increase was due to larger collections under the head, the decrease in Kadur and Mysore Circles being due to smaller collections on account of plague. But the variations in other Circles have not been accounted for.

6. As the financial condition of the Hassan Distt Committee continued to be unsatisfactory, the President solicits relief to the Distt Funds by a transfer to the P.W.D for up-keep from Provincial Funds of the 3 Distt Fund Roads noted in the mar-gin. This should ~~have~~ formed the subject of a separate communication to Govt.

1.Yelaval-Hassan road
2.Arsikere-Hassan road.
3.Sukravaradasante-Subramanya~~iya~~ road.

7. The details of receipts and expenditure for the year 1902-03 are shown in appendix A from which it would appear that so much as Rs. 5,31,618 or 80.21 per cent pf the total revenue was collected from 76 per cent of Local Cess, Rs.32370 or 4.88 per cent from cattle pounds, Rs.20,994 or 3.17 per cent from Tolls, Ferries and Bungalow fees and the rest from miscellaneous sources. The revenue thus realized being distributed among the population of the rural tracts, the incidence per head of population was Rs.0-2-2.18, of which

which Re0-1-9.00 was from 76 per cent of the Local Cess on land revenue &c pies 1.28 from cattle pounds, pies 0.85 from Tolls, Ferries &c and the rest from miscellaneous sources such as ~~rent~~ rents, market fees &c.

8. Out of the total expenditure, Rs. 3,79,203 or 65.03 per cent was on works executed by the P.W.D. Rs.78,834 or 13.52 per cent on works executed by the revenue agency and the rest viz Rs 1,25,064 or 21.45 per cent on medical relief, sanitation and other charges. The expenditure per head of rural population (viz 4,86,03,321) was Re.0.1-11.03 of which Re.0-0-11.81 was spent on roads, Re.0-0-0.82 on bridges and tunnels, Re.0-0-2.88 on miscellaneous public improvements, Re.0-0-0.24 on medical relief, Re.0-0-0.82 on travellers bunga-lows and musafirkhanas, pie 1.31 on conservancy and sanitation including wells and the rest on miscellaneous items such as supervision establishments &c

9. The statement given below exhibits the difference between the receipts and expenditure for the year 1902-03 according to the Presidents reports and those given by the Comptroller. The disagreement is chiefly due to the fact that the Presidents based their reports on the preliminary accounts furnished by the Comptroller while the figures of the Comptroller are accord-ing

tunnels, Rs.18,314 on Travellers' Bun-lows and Musafirkhanas and the rest on drinking water wells and other miscellaneous public improvements. (Vide Statements V & VI appended)

13. The following statement shows the sums sanctioned for works to be executed both by the P.W.D and the Rev Depts, the portions thereof utilized and the balances allowed to lapse at the end of the year.

The above figures indicate that lapses under "(A) P.W." ranged between 0.13 (lowest) in Chitaldrug and 16.83 (highest) in Shimoga, while those under "B-P.W. ranged between 0.70 (lowest in the Kolar Gold Fields Sanitary Board and 98.41(highest) in Bangalore

Bangalore. Under B. Public Works the circles lapses were large in all the ~~Districts~~ except in the Kadur Local Fund Circle and the Kolar Gold Fields. No explana-tion has been furnished for such large lapses except in the Mysore, Hassan and Chitaldrug L.F.Circles, where they are stated to be due to non-payment for certain works owing to the non re-ceipt of measurement bills therefor before the close of the year or to non execution of works owing to their having been sanctioned late in the year. This is unsatisfactory. It is of the utmost importance that the money allotted for useful Public Works is turned to ac-count before the end of the year and the attention of the Presidents is drawn to the instruction contained in para 12 of G.P.No.351-90/L.F.37-03 dated 24th July 1903.

14. The details of Civil charges in-curred in the several L.F.Circles are given in the appended statement No. VII.

15. During the year under review, the Distt Funds were relieved of the cost of scholarships heretofore granted to the students undergoing training for the grade of Hospital Assistants and the same was ordered to be debited to the Provl Medical Budget.

16. Dispensaries. The number of medi-cal Institutions partly supported from Distt Funds remained the same as in the previous

previous year. The aggregate number of patients treated during the year fell from 744,975 to 700,078 while the cost rose from Rs.39,408 to Rs. 44,463. The following Districtwar details would show that the falling off in the number of patients was general except in the Tumkurand Chit-aldrug L.F.Circles and the increase in cost is observable in all but Kadur. The President of the Mysore L.F Circle explains that the decrease in the number of patients was due to the prevalence of plague; while the President of the Kadur Local Fund Circle attributes the cause of decrease in cost to the withdrawal of special allowances to Hospital Assistants for periodical visits to stations away from their head quarters for rendering medical aid under G.P.No.17586-95/L.F.142-92 dated 2nd May 1902. But no such explanations have been given for variations in other Districts. Care should be taken to see that such omissions are avoided in future.

The above figures do not include statistics relating to the "Nikhilaroganari" kept by Krishnajettappa in a portion of the Devaraja Mohalla market building of the Mysore City and to the Unani dispensary at Mysore to which grants-in-aid were paid from District Funds of the Mysore Circle.

17. Midwives. The total number of mid-wives maintained from District Funds at the end of the year was 80 or 2 more than in the previous year, the new mid-wives entertained during the year being those of Gudibanda and Bagepalli in the Kolar District.

The following statement shows the number of midwives employed in the several L.F. Circles, the number of cases attended by them and the cost incurred from District Funds as compared with those of the previous year. The total number of cases attended by all the midwives was 4,545 at a cost of Rs. 11,402 against 4,016 and Rs. 11,327 respectively of the previous year.

The

The foregoing figures do not include the number of cases attended to by ~~dais,~~ and the cost incurred on account of, the midwife at the Kolar Gold Fields maintained from the medical Budget as well as those attended to by midwives entirely supported from municipal funds.

18.Travellers' Bungalows and Musafir-khanas. In the Kadur District, the Inspection Lodge at Kanamgundi constructed from L.F.General was newly opened and a sweeper employed therein, the services of the sweeper of the Sol-lebile Musafirkhana having been dispensed with as unnecessary under the authority conveyed in Govt.Pro.15037-8 and 13297-8/L.F.69-97 dated 18/4/03 and 4/3/04 respectively. ~~And a~~ The Bungalow belonging to Mr.Charles King of the Halekere estate at Gonibid was also purchased under the authority conveyed in Pro. No.14059-60/L.F.75-94 dated 21/3/03 for the use of the travelling public and officers on duty.

In the Distt of Hassan, the III Class Travellers' Bungalows at Halebid was raised to II class and the Distt Fund Committee was relieved of the cost of its up-keep. Including the Haji Ismail Sait's chathram in the Champion Reefs and Lokanatha Mdr's chathram in the OOrigum village in the Kolar Gold Fields sanitary Board area which were improved during the

year

year under review, there were at the end of the year 259 III class Travellers' Bungalows, Inspection Lodges and Musafirkhanas maintained at the cost of Dist. Funds for the convenience of the travelling public against 257 of the previous year. The details showing the number of public buildings, the cost incurred for their up-keep, the number of halts made and the fees collected therefrom are given in the following abstract statement. It is satisfactory to note that on the whole the travellers' Bungalows were freely resorted to by the travelling public as will be seen from the number of halts made therein

in Bangalore, Kadur and Hassan Districts and in the last also the absence of one vaccinator on leave and the employment of some of them on plague duty. The decrease has not been accounted for in the remaining reports which is unsatisfactory.

22. The total number of births and deaths registered during the year ~~we~~ were 89,200 and 98,912 against 75861 and 92,238 respectively of the previous year, as the appended statement No.IX will show. The increase under deaths was chiefly due to plague and cholera in the Mysore Distt and to other causes in the Kolar, Tumkur, French Rocks and Shimoga L.F.Circles.

23. Village School Fund. The 24 per cent of the local cess collections including the realizations from school fees credited to this fund during the year were Rs.2,25,844 against Rs.2,22,457 of the previous year. Adding to this, the opening balance of Rs.1,97,784 in favour of the fund at the beginning of the year, the sum available for expenditure was Rs.4,23,628 of which Rs. 2,67,470 was expended leaving a balance of Rs.1,56,158 at the end of the year. The appended statement No. X, which exhibits details of expendi

ture

expenditure incurred, the number of schools maintained &c, shows also that 1595 schools were maintained against 1724 of the previous year. There was a considerable falling off in the num-ber of schools during the year except in the French Rocks Sub-Division as compared with that of the previous year. In Hassan, the number of branch schools was reported to have been re-duced to 7 while in Shimoga the decrease was attributed to the general preva-lence of plague through out the Dist which interfered a good deal with the regular attendance of students. The decrease in other L.F.Circles ~~which should have been explained by the Pre-vious~~ has not been accounted for.

ORDER THEREON.—There were as in the previous year, 10 Local Fund Boards including the Kolar Gold Fields Sanitary Board.

During the year under review, the villages of Krishnarajpur and Guttamadarhalli with the large Majra village of Pitchapalli attached to the latter were included within the area under the control of the Kolar Gold Fields Sanitary Board under the authority conveyed in Government Notification No. 11434—L. F. 17-99, dated 6th February 1903.

Only three meetings or one less than the prescribed number were held in each of the Kolar, French Rocks and Hassan Local Fund Circles. No explanation has been given for the omission to hold the fourth meeting in Kolar, but in French Rocks the omission is stated to be due to there having been no important subjects for discussion and in Hassan to the recrudescence of plague in the head-quarter town. These explanations are not quite satisfactory.

3. In the Bangalore and French Rocks Circles, the Civil Surgeon and the Amildar of the Nagamanagala Taluk among the *ex-officio* and Mr. Shamiengar of French Rocks among the non-official members, are reported to have absented themselves from all the meetings of the Board. This is irregular. On the whole, however, the attendance of members was fair except in Mysore where the average attendance was less than that of the previous year. The Presidents of the Kolar, Shimoga, Kadur and Chitaldrug Boards report that the members evinced interest in the discussion of subjects brought before the Boards and rendered assistance in the administration of the District Funds, while the other reports are silent on the point. This information which is most important should have been furnished.

4. The year opened with a balance of Rs. 2,90,286 against Rs. 2,65,527 in the previous year. The total receipts and expenditure of the several District Fund Boards were, respectively, Rs. 6,62,798 and Rs. 5,83,101 against Rs. 6,10,193 and Rs. 5,85,435, respectively, of the previous year. The balance at the end of the year accordingly rose from Rs. 2,90,286 to Rs. 3,69,983 or by Rs. 79,697 (*vide* statement No. I).

5. Under receipts a large increase of Rs. 25,193 was contributed by the collection of rent at the Santemarhalli market in the Mysore Local Fund Circle and of the slaughter-house fees and market rents in the Kolar Gold Fields area and in the accounts of the latter, a loan of Rs. 20,000 was credited during the year for the construction of markets under the authority conveyed in Government Proceedings No. 5301-2—L. F. 17-99, dated 3rd November 1899. Except in the Local Fund Circles of Mysore, Kadur and Kolar Gold Fields, where there was a decrease of Rs. 2,941, the 76 per cent of the Local Cess on Land Revenue contributed an increase of Rs. 11,968 distributed among the remaining 7 Boards, resulting in a net increase of Rs. 9,027 (*vide* statement No. II).

The increase under 76 per cent of Local Cess in Chitaldrug was the result partly of extension of cultivation and partly of the revenue from 55 villages added to the newly constituted Hosdurga Taluk. And in the Kolar and Tumkur Local Fund Circles the increase was due to larger collections under the head, the decrease in Kadur and Mysore Circles being due to smaller collections on account of plague. But the variations in other circles have not been accounted for.

6. As the financial condition of the Hassan District Committee continued to be unsatisfactory, the President solicits relief to the District Funds by a transfer to the Public Works Department for up-keep from Provincial funds of the 3 District Fund roads noted in the margin. This should form the subject of a separate communication to Government.

1. Yelaval-Hassan Road.
2. Arsikere-Hassan Road.
3. Sukravaradasante-Subramanya Road.

7. The details of receipts and expenditure for the year 1902-03 are shown in the Appendix A from which it would appear that so much as Rs. 5,31,618 or 80·21 per cent of the total revenue was collected from 76 per cent of the Local Cess, Rs. 32,570 or 4·83 per cent from cattle-pounds, Rs. 20,994 or 3·17 per cent from tolls, ferries and bungalow fees and the rest from miscellaneous sources. The revenue thus realised being distributed among the population in the rural tracts, the incidence per head of population was Re. 0-2-2·18, of which Re. 0-1-9 was from 76 per cent of the Local Cess on land revenue etc., pie 1·28 from cattle-pounds, pie 0·85 from tolls, ferries etc., and the rest from miscellaneous sources such as rents, market fees, etc.

8. Out of the total expenditure, Rs. 3,79,203 or 65·03 per cent was on works executed by the Public Works Department, Rs. 78,834 or 13·52 per cent on works

executed by the revenue agency and the rest, *viz.*, Rs. 1,25,064 or 21·45 per cent on medical relief, sanitation and other charges. The expenditure per head of rural population (*viz.*, 48,60,321) was Re. 0-1-11·03 of which Re. 0-0-11·81 was spent on roads, Re. 0-0-0·82 on bridges and tunnels, Rs. 0-0-2·88 on miscellaneous public improvements, Re.0-0-0·24 on medical relief, Re.0-0-0·82 on travellers' bungalows and musafirkhânas, pie 1·31 on conservancy and sanitation including wells and the rest on miscellaneous items such as supervision establishments, etc.

9. The statement given below exhibits the difference between the receipts and expenditure for the year 1902-03 according to the President's reports and those given by the Comptroller. The disagreement is chiefly due to the fact that the Presidents based their reports on the preliminary accounts furnished by the Comptroller while the figures of the Comptroller are according to his final accounts. The latter figures will therefore be adopted :—

| Local Fund Circles | Receipts as furnished by— | | Expenditure as furnished by— | |
|---|---|---|---|---|
| | Pesidents | Comptroller | Presidents | Comptroller |
| | Rs. | Rs. | Rs. | Rs. |
| 1 Bangalore ... ... ... | 73,147 | 73,529 | 65,078 | 64,068 |

| Total ... | 6,57,660 | 6,62,798 | 7,15,844 | 5,83,101 |

10. The following statement shows the percentage of charges to receipts as compared with that of the previous year. From this it would appear that only 87·97 per cent of receipts was expended during the year against 95·94 per cent in the previous year :—

| Local Fund Circles | Percentage of charge to receipts | |
|---|---|---|
| | 1901—02 | 1902—03 |
| 1 Bangalore ... ... ... ... | 88·68 | 87·13 |

| Total ... | 95·94 | 87·97 |

11. The percentage of closing balances to receipts as detailed hereunder show that the prescribed minimum balances were maintained in all the Local Fund Circles except Kadur where it fell short by an insignificant percentage of 0·8 :—

| Local Fund Circles | Percentage of closing balance to receipts | |
|---|---|---|
| | 1901—02 | 1902—03 |
| 1 Bangalore ... ... ... | 53·21 | 68·74 |

| 9 Kadur ... ... ... | 00·43 | 24·42 |
| 10 Chitaldrug ... ... ... | 56·68 | 47·89 |
| Total ... | 47·57 | 55·81 |

12. Out of the total expenditure of Rs.1,06,153 incurred on fresh works both by the Public Works and Revenue Departments, Rs. 41,682 was appropriated for roads, Rs. 18,123 for bridges and tunnels, Rs. 7,676 for travellers' bungalows and musafirkhanas and the rest for drinking water wells and other miscellaneous public improvements (*vide* statements III and IV appended.) While out of the aggregate expenditure of Rs, 2,86,353 incurred by both the Departments on repairs, Rs.2,57,243 were spent on roads, Rs. 7,652 on bridges and tunnels, Rs. 18,314 on travellers' bungalows and musafirkhanas and the rest on drinking water wells and other miscellaneous public improvements (*vide* statements V and VI appended).

13. The following statement shows the sums sanctioned for works to be executed both by the Public Works Department and the Revenue Department, the portions thereof utilized and the balance allowed to lapse at the end of the year :—

The above figures indicate that lapses under "A Public Works" ranged

between 0·13 (lowest) in Chitaldrug and 16·83 (highest) in Shimoga, while those under "B. Public Works ranged between 0·70 (lowest) in the Kolar Gold Fields Sanitary Board and 98·41 (highest) in Bangalore. Under B. Public Works the lapses were large in all the circles except in the Kadur Local Fund Circle and the Kolar Gold Fields. No explanation has been furnished for such large lapses except in the Mysore, Hassan and Chitaldrug Local Fund Circles, where they are stated to be due to non-payment for certain works owing to the non-receipt of measurement bills therefor before the close of the year or to non-execution of works owing to their having been sanctioned late in the year. This is unsatisfactory. It is of the utmost importance that the money allotted for useful Public Works is turned to account before the end of the year and the attention of the Presidents is drawn to the instruction contained in para 12 of Government Proceedings No. 351-90. L.F.—37-03, dated 24th July 1903.

14. The details of Civil charges incurred in the several Local Fund Circles are given in the appended statement No. VII.

15. During the year under review the District Funds were relieved of the cost of scholarships heretofore granted to the students undergoing training for the grade of Hospital Assistants and the same was ordered to be debited to the Provincial Medical Budget.

16. *Dispensaries.*—The number of medical institutions partly supported from District Funds remained the same as in the previous year. The aggregate number of patients treated during the year fell from 744,975 to 700,078, while the cost rose from Rs. 39,408 to Rs. 44,463. The following Districtwar details would show that the falling off in the number of patients was general except in the Tumkur and Chitaldrug Local Fund Circles and the increase in cost is observable in all but Kadur. The President of the Mysore Local Fund Circle explains that the decrease in the number of patients was due to the prevalence of plague, while the President of the Kadur Local Fund Circle attributes the cause of decrease in cost to the withdrawal of special allowances to Hospitals Assistants for periodical visits to stations away from their head-quarters for rendering medical aid under Government Proceedings No. 17586-95—L. F. 142-92, dated 2nd May 1902. But no such explanations have been given for variations in other districts. Care should be taken to see that such omissions are avoided in future.

| Total ... | 106 | 106 | 7,44,975 | 700,078 | 39,408 | 44,563 |

The above figures do not include statistics relating to the "Nikhilarogahari" kept by Krishnajettappa in a portion of the Devaraja Mohalla market building of the

Mysore City and to the Unani Dispensary at Mysore to which grants-in-aid were paid from District Funds of the Mysore Circle.

17. *Midwives.*—The total number of midwives maintained from District Funds at the end of the year was 80 or 2 more than in the previous year, the new midwives entertained during the year being those of Gudibanda and Bagepalli in the Kolar District.

The following statement shows the number of midwives employed in the several Local Fund Circles, the number of cases attended to by them and the cost incurred from District Funds as compared with those of the previous year. The total number of cases attended to by all the midwives was 4,545 at a cost of Rs. 11,402 against Rs. 4,016 and Rs. 11,327 respectively in the previous year.

The foregoing figures do not include the number of cases attended to by and the cost incurred on account of, the midwife at the Kolar Gold Fields maintained from the Medical budget as well as those attended to by midwives entirely supported from Municipal Funds.

18. *Travellers' Bungalows and Musafirkhanas.*—In the Kadur District, the inspection lodge at Kanamgundi constructed from Local Funds General was newly opened and a sweeper employed therein, the services of the sweeper of the Sollebile musafirkhana having been dispensed with as unnecessary under the authority conveyed in Government Proceedings Nos. 15037-8 and 13293-8—L.F. 69-97, dated 18th April 1903 and 4th March 1904, respectively. The bungalow belonging to Mr. Charles King of the Halekere estate at Gonibid was also purchased under the authority conveyed in Proceedings No. 14059-60—L. F. 75-94, dated 21st March 1903, for the use of the travelling public and officers on duty.

In the District of Hassan, the 3rd class travellers' bungalow at Halebid was raised to 2nd class and the District Fund Committee was relieved of the cost of its upkeep. Including the Haji Ismail Sait's chattram in the Champion Reefs and Lokanatha Mudaliar's chattram in the Ooregum village in the Kolar Gold Fields Sanitary Board area which were improved during the year under review, there were at the end of the year 259 3rd class travellers' bungalows, inspection lodges and musafirkhanas maintained at the cost of District Funds for the convenience of the travelling public against 257 of the previous year. The details showing the number of public buildings, the cost incurred for their up-keep, the number of halts made and the fees collected therefrom are given in the following abstract statement. It is

25. It is satisfactory to note that the Presidents of the Kadur, Bangalore, Chitaldrug, Kolar and the Kolar Gold Fields Boards submitted their reports before the due date, *viz.*, 30th September 1903, though some of them were incomplete. The reports of the remaining Boards were received on an average 23 days after the prescribed date, those of the Mysore and French Rocks Boards being 27 and 40 days, respectively, behind the time. The Examiner Public Works Accounts submitted his accounts on the 3rd October 1903 or three days after the due date, while those from the Comptroller, which have been received in instalments between 7th December 1903 and 16th January 1904, were behind time by 68 to 108 days respectively. As it is of the utmost importance that these annual reports and accounts should be reviewed as early as possible after the expiration of each year, the Government expect that greater punctuality is observed in the transmission of these reports and accounts and that they are made to contain complete information under all heads so as to save unnecessary delay and correspondence in the matter.
